## Saved Many from Death.

W. L. Mock of Mock, Ark., believes he  
has saved many lives in his 25 years of  
experience in the drug business. "What  
I always like to do," he writes, "is to  
recommend Dr. King's New Discovery  
for weak, sore lungs, hard colds, hoarseness,  
asthma or other bronchial affection, for  
I feel sure that a number of my neighbors  
are alive and well to-day because  
they took my advice to use it. I honestly  
believe it's the best throat and lung  
medicine that's made." Easy to prove  
he's right. Get a trial bottle free, or  
regular 50c or \$1.00 bottle. Guaranteed  
by the Red Cross Pharmacy.

## ABOUT THE STATE

Rev. D. T. Williams of Nickerville,  
Pa., has declined the call to the Con-  
gregational church of Jericho and Under-  
hill.

The St. Albans Choral union is to pro-  
duce "Alice in Wonderland" Nov. 30 and  
December 1, under the management of  
Col. John F. Dragg of New York.

At a meeting of the Woman's club of  
St. Johnsbury it was proposed that a  
pageant be given some time next year  
in celebration of the 125th anniversary  
of the settlement of the town.

A peculiar accident happened Tues-  
day to Louis Harlow, who has just  
moved from one farm to another in  
Morrisville. He had been clearing off  
some shelves and throwing the refuse  
into a sheet iron stove. After throwing  
in one of the shelves, there was an explosion  
and a small bullet went through the  
side of the stove and into Mr. Harlow's  
leg just above the knee pan.

On a recent Sunday evening when Mrs.  
Gilmore and her family of Weston were  
at church, the house was entered and  
two pocketbooks, containing a small  
amount of cash, were taken. Suspicion  
fell on two boys, Hershey Pease, aged  
12 years, and Charles Tift, aged 16.  
They were arraigned and confessed, the  
latter being bound over and the former  
being sent to the reform school for five  
years.

**THE HUMP TELEPHONE.**

Company's Magazine Describes How a

Vermont Mountain Was Wired.

The current issue of New England  
Telephone Topics contains an interesting  
account with illustrations of how the  
telephone was established on Cam-  
el's Hump this last summer. This tele-  
phone is 4,088 feet above the sea level,  
and is the highest in Vermont. The  
wire up the mountain was furnished and  
hung by the state, following the old  
trail from Callahan's to the summit.  
It is hung for the most part in porce-  
lain knobs. The connection with the  
summit is by means of two  
and a half miles of single No. 12 wire  
connected to the metallic circuit at the  
base of the mountain through a 37A coil,  
the two and a half miles of single wire  
being a grounded line. Transmission  
and ringing are very good and con-  
versation can be had with Boston and  
probably more distant places.

A project is now on foot to blaze  
a trail from Massachusetts to the Cana-  
dian line, and the trail is now com-  
pleted from Mt. Mansfield, which is in  
Stowe, to Camel's Hump in Duxbury on  
the south and from Mansfield to Smug-  
glet's Notch on the north.

In constructing lines in the country  
in Vermont this summer the company  
used a small camping outfit. It's use  
saves about three hours' driving with  
a double team and the time of four to  
six men and results in much faster  
completion of the country work. The  
average expense for board per week per  
man is \$2. The outfit takes nothing to  
transport and will accommodate a half  
dozen men comfortably.

J. W. Redmond, Newport.

**LOSES HIS LEFT HAND.**

Farmer at Benson Receives Terrible In-

juries in a Corn Cutter.

Benson, Nov. 10.—William H. Doane  
cut his left hand so badly in a corn  
shredder at his farm near Banghall yes-  
terday that Dr. Colby had to amputate  
the arm between the wrist and the el-  
bow. Mr. Doane has several small chil-  
dren dependent upon him for support,  
and his injury is a very serious mat-  
ter.

Rev. William S. Hazen, D. D.

In the death of Rev. William S. Haz-  
en, Northfield has lost a long time for-  
mer citizen and friend, whose interest  
in all that pertained to the welfare of  
the community was ever manifest dur-  
ing his residence here. He was a man of  
less strong after he ceased to be ac-  
tively engaged at work among us.

No finer or more generous tribute can  
be paid his memory than was accorded  
to him by Mr. Whitney, upon the oc-  
casion of the celebration of the fortieth  
anniversary of Mr. Hazen's ordination  
as pastor of Northfield, when he said:

"Dr. Hazen's career is one of peculiar  
interest. He was born in Vermont, was  
educated in Vermont, has done his life's  
work in Vermont. He comes of a fam-  
ily distinguished for intelligence, high  
character and enlightened religious zeal.  
Probably no other family in New Eng-  
land has given the Congregational church  
so many ministers, all of whom have  
done most excellent work, both in the  
home and foreign fields.

He has given a whole life and a  
well-endowed personality to the promotion  
of all that is best in the individual and  
collective life of the community, and  
has been, himself, in his personal life, a  
splendid embodiment of those qualities  
which make human life fit and beau-  
tiful."—Northfield News.

## VERMONT ATHLETES

## CHEERED BY GOV. MEAD

On Way to Meet Syracuse University

They Were Addressed by the Ex-  
ecutive in Burlington Yes-  
terday.

Burlington, Nov. 10.—Amid the most  
enthusiastic demonstration ever given at  
a university of Vermont team, the U. V.  
M. football squad, consisting of twenty-  
one men, left yesterday for their annual  
game with Syracuse university to be  
played Saturday.

Nearly the entire student body  
marched to the depot, a full half hour  
before leaving time and if cheering and  
singing could play any part of Satur-  
day's game there would be little doubt  
as to the score.

A private Pullman car was secured  
by Manager Stack and long before the  
train was to leave the players were  
nicely located for the long trip.

After repeated calls for speeches, Cap-  
tain Walker, Coach Slavin and Manager  
Stack responded, all being optimistic  
as to the result of the game. Coach  
Slavin said: "All of the men are in  
the best of condition and considering  
the keen knowledge of football the men  
have shown in the games already played,  
I consider this year's team the best  
ever turned out by Vermont."

Captain Walker and Manager Stack  
spoke along the same lines, assuring the  
students that the greatest possible ef-  
fort would be put forth to bring back  
a victorious team.

Governor Mead was seen to enter the  
station and hear the call, "We want  
Governor Mead!" smilingly stepped to  
the door and spoke briefly. He said  
that although a graduate of Middlebury,  
he was also a strong rooter for Vermont  
and that he most assuredly hoped Syra-  
cuse would go down to defeat. Deafening  
cheers followed his speech and the  
train pulled in that was to take the  
car of football warriors away.

The probable line up follows:

R. E. Pike.  
R. T. Buckmiller.  
R. G. Donald.  
C. Walker (Capt.)  
L. G. Squires.  
L. T. Whalen.  
L. E. Mayforth.  
Q. B. O'Brien.  
R. H. B. Macintosh.  
L.
